

Dear Sir or Madam

We sent you a letter in October 2023 to ask you to have your say on **short breaks** in Southwark.

Lots of people had their say by

- coming to meetings
- filling in forms
- speaking to their social workers.

We want to thank everyone for the feedback.

The feedback has helped us think about next steps.

We are pleased to tell you that overnight short breaks will continue at **Orient Street** for people that need them.

We also want to offer more support at Orient Street to help people with their independence.

We would like to invite you to a follow up meeting with Kerry Rabey to find out more. Kerry is the Head of Service.
