

Southwark Information, Advice and Support Team

Unsure about your next steps or what options are available to you?

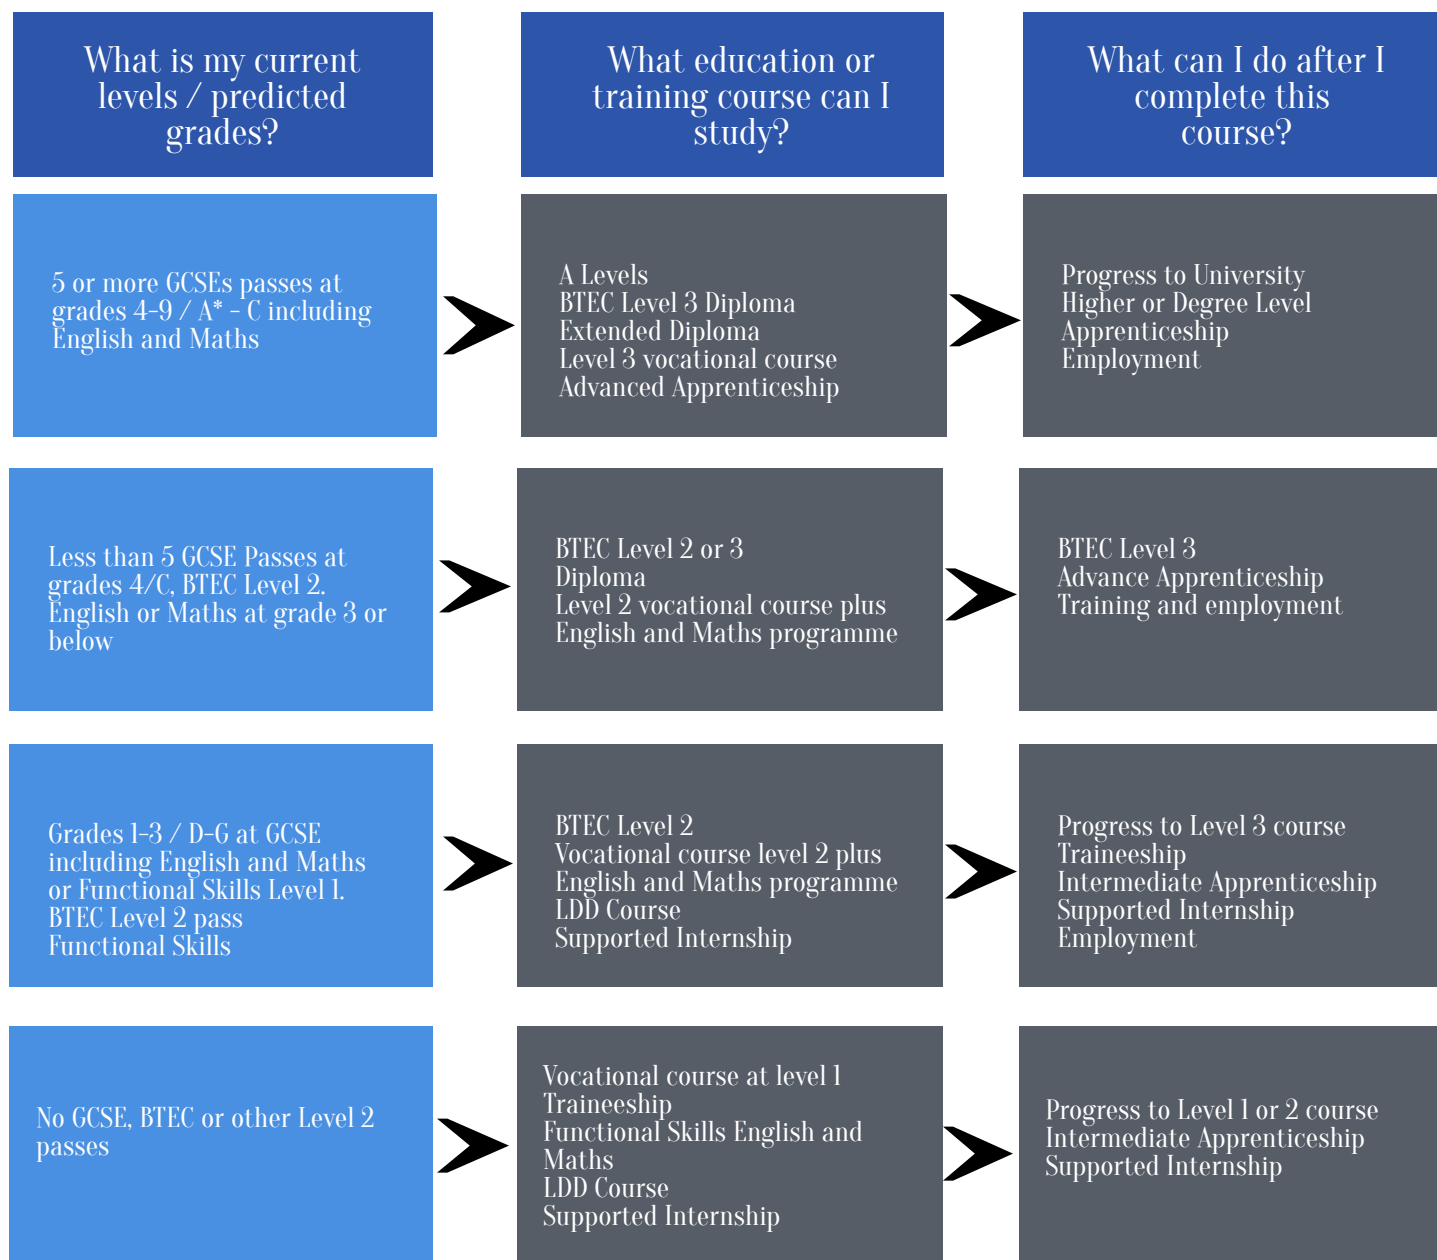

Don't worry, the SIAS Team have put this resource together to help you identify all the different exciting opportunities available to you including; education, employment and training.

Your future starts here

Education

Which pathway is right for me?

Entry requirements for specific subjects and courses vary, please check with the organisation before applying.

If you have an Education, Health and Care Plan (EHCP), please contact your EHCP Co-ordinator when choosing your next steps, as they will need to consult with the provider to make sure they can provide you with the support you need.

If you are unsure who your EHCP Co-ordinator is please contact email sen@southwark.gov.uk

Choosing the right pathway for you

Pre Apprenticeship Traineeship

These are short education and training programmes designed to help young people aged 16-24 who don't yet have the appropriate skills, experience or qualification. Traineeships provide the essential work preparation training, English, Maths and work experience needed to secure an apprenticeship or employment.

1

Apprenticeship

A route for students who want to gain qualifications, progress in a chosen career and earn a salary.

Apprenticeships last for a minimum of 12 months and combine work and college. Opportunities are available in a variety of sectors including; Construction, Business, Computing and so much more.

There are different levels of Apprenticeships including; Intermediate (Level 2), Advanced (Level 3), Higher (Levels 4,5 and 6) and Degree (Levels 6 and 7).

2

BTEC

BTEC stands for the Business and Technology Education Council.

BTECs are specialist work-related qualifications. They combine practical learning with subject and theory content. BTECs are divided into units, which cover specific areas of knowledge, skills and understanding required by the particular subject/sector.

3

A Levels

A Levels are subject based qualifications that can lead to university, training, or work including apprenticeship.

You can normally study three or more A Levels over 2 years and you'll be assessed by a series of exams. The specific entry requirements needed to study A Levels will vary across schools and colleges. You will normally need; 5 or more GCSE passes at grade 4-9 / A* to C including English and Maths.

4

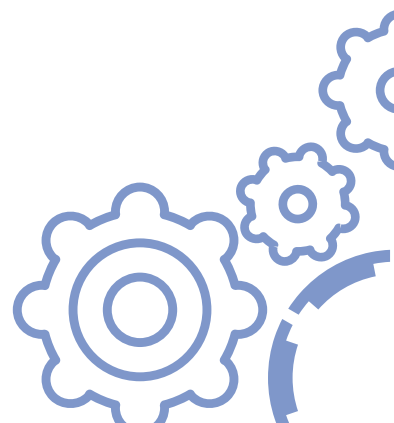

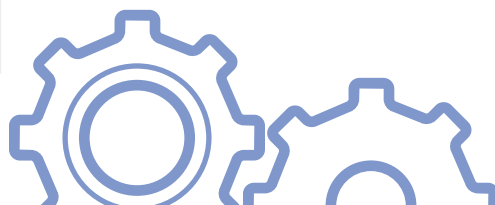

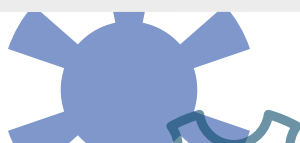

Functional Skills

Qualifications in English, Maths and ICT that equip learners with the practical skills needed to learn and work successfully.

If you apply to study for a course at a college or education provider and have not achieved a minimum grade 4 / C GCSE in English and Maths you will be most likely enrolled to study Functional Skills alongside your chosen course.

You will complete an initial assessment and that will determine at which level you will study.

5

LDD Courses and Supported Internships

What is LDD Courses?

LDD Courses are highly supported and specifically designed educational provisions in a college for learners with learning difficulties and disabilities.

All courses are designed to meet the requirements of the Foundation Learning Framework and include an emphasis on personal and social development, progression, life and money and employability skills were relevant to the student.

Many LDD Courses offer vocational pathways including: Beauty, Construction, Catering and Retail.

Check out Southwark Youth Offer for more information: <http://localoffer.southwark.gov.uk/youth-offer/>

What is a Supported Internship?

- Structured study programme based primarily at an employer
- For young people aged 16-24 with an EHCP to achieve sustainable paid employment
- Delivery of training to parent/carers and professionals across education, health and social care
- Learn the skills needed for work, through learning in the workplace
- Unpaid, and duration of programme can vary and last upto 12 months
- Young people will complete a personalised study programme which includes the opportunity to study relevant qualification, if appropriate, and English and Math

Employment

Southwark Works

HOME OF SOUTHWARK EMPLOYMENT SERVICES

If you need some extra support to find a job, the Southwark Works team of specialist employment advisers can help you. They provide personal, confidential, one-to-one support for unemployed residents who are experiencing challenges or difficulties in securing a job.

If you need training, they can refer you to a local provider, or you may benefit from one of their in-house workshops or courses.
