Comments on Anna's outreach support in school:

Anna was extremely helpful managing a situation where the child had extremely challenging behaviour and change of placement had been agreed.

Really great wealth of knowledge

Good professional, informed advice. We heard you!!

I am really keen to build upon this practice- I feel that our staff are sometimes overwhelmed by high level of need and having external support enables them to have a calmer and more informed approach to working with pupils

Transformative! Anna was part of our planning team from the start of M's time with us until (and even beyond the end!). It felt like we had a very knowledgeable and experienced, wise, warm and committed friend with us for our journey. We problem solved together and felt listened to as well as guided. The difference Anna's support made to what happened for M and the progress she made as a social learner was wonderful.

Anna has been so helpful in building up the staff's confidence in working with K, as they have no prior experience supporting a child with her specific needs.

Exceptional!!

This was a lifeline - thank you so much for the Downs support for Nursery and for family.

Always brilliant and helpful / supportive

Anna is unfailingly upbeat, insightful, realistic and supportive.

We were so grateful for Anna's support, also EHCP evidence for L. The strategies were rolled out to other children too.

Anna is so knowledgeable and gives our staff strategies that really work and are manageable. Anna is always quick to respond and we really value her input and support.

Anna is always full of practical advice that can be implemented easily. She is always sensitive to staff needs

The staff really appreciate Anna's support and it has been invaluable in ensuring the children's needs are met

Anna is so approachable and always gives excellent advice and support.

Comments on Cherry Garden Branch Map Assessments:

The training was excellent and Shona was very supportive of schools experiencing difficulties with implementation.

Love em!! We are actively sharing with parents and hoping to move to using with Tapestry next year.

Branch mapping training was extremely useful and really helped me set it up in my school. Shona was amazing and even had a individual catch up call with me to check in and support. Thank you so much for all the support.

The branch maps are helpful in assessing our children working at the lowest levels and in preparing their planning.

Staff who attended found it very useful - we now have a Branch Map lead in school.

Really useful now use it with 5 children at school.

Comments on Cherry Garden training and outreach support:

The service is extremely useful and has been beneficial to two children with very complex needs in particular.

A real treasure.

We think highly of Cherry Outreach Service and we wish to access more in the new academic year.

Having Anna's support in school has been very useful, and the resource packs have been fantastic!

What an incredible pair Shona and Anna are! Thank you ever so much!

Always hugely appreciated. Both Anna and Shona have always been extremely helpful and willing to share ideas, advice and resources. Thank you so much for helping us through this very difficult time with training and support.

Anna and the Head Teacher at Cherry have always provided supportive advice for me when requesting advice about children with quite complex needs - thank you!

Absolutely brilliant- can't recommend it enough. I have worked in several boroughs and this has been the best outreach offer by a long way.

Always high quality.

This is an invaluable service. I have used Anna's ideas in supporting other children. Staff respond very well to her input and we are very grateful.

Brilliant team, brilliant service! Thank you so much for all you do.
