- We recommend participants attend any of the 'Identifying and Supporting Speech, Language and Communication Needs (SLCN)' courses

Course Materials

- Hand-outs
- Certificate

Course Objectives

At the end of the course participants should be able to:

- Understand the range of communication, interaction and behavioural difficulties associated with ASD in girls
- Identify strategies for supporting girls with ASD

P8

Feedback from previous attendees:

"I found this training session really useful to share with my colleagues"

Using Visuals to Support Communication £80

A one day course Time: **10am - 3pm** and a half day Tutorial: **10am - 12pm**

Dates: **Monday 14th January 2019** Tutorial: **Monday 11th March 2019**

Course Aims/Outline

- Develop basic knowledge of a range of visual support systems including Makaton signing, PECS, Schedules and Communication Books
- Consider their use in routines and class environments
- Learn about adapting your communication style to support children's learning and communication
- Practise and discuss practical strategies in the above areas
- Develop action plan of ideas to implement in own setting

Recommended for

- Teachers, Support staff, Early Years Practitioners and Parents/Carers

Entry Requirements

- None

Course Materials

- Hand-outs
- Certificate - issued following attendance at tutorial.

Course Objectives

At the end of the course participants should be able to:

- Understand the purpose of a range of visual support systems and their use to support children's communication at different levels
- Identify how to use visual support systems in a child's learning environment
- Identify communication strategies that support the communication and physical environment
- Apply strategies to specific case examples
- Produce a plan to implement specific strategies appropriate to own setting

Feedback from previous attendees:

~~"Gave me a better understanding of different methods of communication"~~

"It was good learning how to engage non-verbally and use positive encouragement"

P9

Lego Therapy Workshop £30

Twilight session Time: 3.30 - 5pm

Dates: Friday 19th October 2018 OR Thursday 2nd May 2019

“**Lego Therapy**” is a simple, effective approach that uses Lego to help children and young people develop their attention & listening, turn taking, communication and interaction skills. It is relevant for use with children with a wide range of needs and across a range of settings.

Course Aims/Outline

- To introduce participants to the background and principles of Lego Therapy
- To identify the skills needed to carry out Lego Therapy
- To think creatively about how to use Lego Therapy in your own setting

Recommended for

- Class teachers, SENCOs, Support Staff and Parents/Carers
- Other professionals working with children and young people with Social Communication and language difficulties.

Entry Requirements

- None

Course Materials

- Hand-outs
- Certificate

Course Objectives

At the end of the course participants should be able to:

- Facilitate a Lego Therapy session
- Evaluate a Lego Therapy session

Feedback from previous attendees:
“Really practical and hands on”
“Very informative and clear”

PECS Awareness for parents & professionals £80

A one day course Time: 10am - 3pm Date: Friday 9th November 2018

This is a practical introduction to the Picture Exchange Communication System (PECS). This awareness day aims to enable you to help children in the use of this system with support from your Speech & Language Therapist or other professionals. These professionals are fully trained in the implementation of PECS by Pyramid Education Consultants. Information on the full training provided by Pyramid Education Consultants will be provided on the day. We will discuss all 6 Phases of PECS.

Accredited Talking Mats Training £80

Two mornings Time: 9.30am - 1pm

Dates: Thursday 14th March 2019 and Tuesday 23rd April 2019

“**Talking Mats**” is a simple, effective approach that uses picture symbols to help children and young people express their views about topics such as school, home life, hobbies and friends.

It is relevant for use with children and young people with a wide range of needs and across a range of settings, for example in the nursery, school, college and home.

Course Aims/Outline

- To introduce participants to the background and principles of Talking Mats
- To identify the skills needed to carry out a Talking Mat
- To think creatively about how to use Talking Mats in your own setting

Recommended for

- Parents/Carers, teachers, support staff, SENCOs and any other professionals who would like a framework for consulting children and young people

Entry Requirements

- Participants need to have a basic understanding of communication skills

Course Materials

- Hand-outs/booklet
- Talking Mats symbol pack
- Certificate

Course Objectives

At the end of the course participants should be able to:

- Identify and explore relevant topics for a Talking Mat
- Understand and use the Talking Mats framework

Makaton Workshops

Makaton is a signing system used to support the development of language in those with communication difficulties.

The Makaton Foundation Workshop for Professionals £130

(Cost is inclusive of course materials) A two day course Time: **9.30am – 3.30pm**

Dates: **Tuesday 4th December 2018 and Thursday 6th December 2018**

Course Aims/Outline

- To introduce participants to the signs and symbols from stages 1-4 of the Makaton core vocabulary
- To introduce participants to ways of using Makaton signs and symbols in educational settings
- To provide information on the use and purpose of Makaton, and to give an overview of an alternative system of communication

Recommended for

- Professionals who need to use Makaton in their work

Entry Requirements

- Participants need to have an understanding of early communication skills

Course Materials

- Workshop manuals
- Pocket book of signs 1
- Pocket book of symbols 1
- Certificate

Course Objectives

At the end of the course participants should be able to:

- Use stages 1-4 of the Makaton core vocabulary (signs and symbols) in their workplace.

Feedback from previous attendees:

***“Tutors made learning fun and easy to understand”
“One of the best courses I’ve attended I recommend it to others”***

P12

Makaton Taster Sessions FREE

A 1½ hour session on the following dates:

Friday 20th July 2018 10 - 11.30am

Thursday 27th September 2018 10 - 11.30am

Monday 10th December 2018 1- 2.30pm

Tuesday 26th February 2019 3 - 4.30pm

Wednesday 8th May 2019 10 - 11.30am

Monday 15th July 2019 - 3.30 - 5pm

These are fun and interactive sessions for all interested in learning about Makaton.

Course Aims/Outline

- Identify when to use Comic Strip Conversations

Supporting Children with Speech Sound Difficulties in the classroom £80

*****NEW COURSE*****

Time: 9.30am - 3.30pm

Date: Wednesday 5th December 2018

Course Outline:

- To enable participants to have an understanding of typical speech sound development in children so they can more easily identify children who are presenting with Speech Sound Difficulties.
- Explore strategies and activities that can be used in the school settings to support and influence speech sound development.

Recommended for:

- Class Teachers, SENCOs, Support Staff.

Course Materials:

- Hand-outs
- Certificates

Course Objectives

At the end of the course participants should be able to:

- Identify typical speech sound development in children
- Recognise difficulties that could indicate possible Speech Sound Difficulties
- Practise strategies for supporting children with Speech Sound Difficulties in the classroom

Supporting children with behavioural feeding difficulties £50

NEW COURSE

Time: 9.30am - 12.30pm

Date: Thursday 24th January 2019

Course Outline:

- To develop an understanding of the causes and maintaining factors of behavioural feeding difficulties.
- To equip staff and parents with knowledge and skills to support children and young people more effectively with behavioural feeding difficulties/extreme fussy eating.

Recommended for:

- Class teachers, SENCOs, Support Staff, Parents/Carers, other professionals

Entry Requirements:

- None

Course Materials:

- Hand-outs
- Certificate

Course Objectives

At the end of the course participants should be able to:

- Understand the causes and maintaining factors in a behavioural feeding difficulty.
- Identify a range of practical strategies to support a child/young person with a behavioural feeding difficulty in different mealtime contexts.
- Understand the importance of mealtime structure/routine
- Know how to access further support in this area

Managing Infant Feeding in the Community

A practical course for Speech and Language Therapists £420

A 2 day course 9am - 5pm and a 1 day Tutorial 9am - 5pm

Tuesday 4th and Wednesday 5th September 2018 Tutorial: Wednesday 5th December 2018
OR

Tuesday 7th and Wednesday 8th May 2019 Tutorial: Wednesday 31st July 2019

Course Outline:

The course is based on case discussions. Participants will be allocated a case at the start to follow through from assessment to management during the first two days. The course will include a series of short lectures, group discussions and participant presentations.

Summaries of key topics will be provided, participants will need to review these prior to the course. References will be provided for further reading. Participants will be requested to bring cases including a video case study from their own practice for discussion on the third day.

Suitable for/entry requirements:

- Speech & Language Therapists with paediatric dysphagia training and experience
- Previous theoretical training in infant dysphagia would be advantageous
- Some experience of having observed/worked with infants (<12 months) with dysphagia with or without support
- Will be able to observe/work with at least one infant between workshop dates and follow-up tutorial (contact us if you are unable to organise this as we may be able to support you). Video of your session/s is desirable

Course Objectives:

By the end of the course you will be able to:

- apply theoretical knowledge about infant feeding difficulties to clinical practice
- manage infants with feeding and swallowing difficulties with supervision
- carry out a comprehensive assessment to evaluate feeding and swallowing difficulties in infants; discussing the importance and limitations of aspects of assessment
- develop a holistic management plan for infants with feeding difficulties, through problem solving and clinical reasoning
- use a range of compensatory and rehabilitative intervention approaches for infants with feeding difficulties

Feedback from previous attendees:

"By far the most useful course that I have ever attended! Feel much more confident"

Additional Training on Request

ELKLAN Speech and Language Support for under 5s (Accredited Course through Open College Network South West) (OCNSW)

£82 Children's Centre Staff

(To cover cost of Accreditation and course manual)

£360 non Children's Centre Staff

Ten 2½ hour sessions

(participants must attend all sessions)

Course Outline

- To equip staff to be more effective in supporting children with speech, language and communication needs (SLCN)
- To enable participants to identify the needs of the child and give practical strategies to support the child more effectively

Recommended for

- Early Years Practitioners

Course Materials

- Accredited certificate and course manual

Course Objectives

At the end of the course participants should be able to:

- Identify and effectively meet the needs of children with (SLCN)
- Make more accurate observations to share with parents and other agencies
- Promote collaborative working amongst practitioners
- Make appropriate referrals to Speech and Language Therapy

Please note : Participants are expected to complete a portfolio (independently outside of the course sessions) to gain accreditation.
